

Stonegate E-Mail News of Friday, 2/10/06

Meet the City Council Candidates.

Tomorrow (Saturday 2/11) is the big day. Please stop by between 9:30 and 11 AM. It's important to have a good turnout. Important – not just so that you can meet the politicians, but because we want future City Councilmen to understand that we are a politically aware community, and they need to remember that when dealing with issues which affect us directly. So come to ask questions. Or just come. Either is a constructive and important effort. And by the way, *we'll have nice refreshments.*

Vehicles in the Community Center Parking Lot

Sometimes residents just need a place to put a vehicle for a few days. And we accommodate them in the Community Center parking lot if we can. But it's important to call Larry Paprocki or Lori Robinson at the Community Center (480-391-9760) before the fact, not after. We need to know that the vehicle out there belongs to a resident who really does plan to move it in the not-too-distant future.

Dog Days Ahead

As the weather warms, you may want to spend even more time on our scenic trails with your four-legged friend. But watch your step because some of your neighbors are very inconsiderate and do not clean up after their animals. This, of course, violates not only Stonegate's CC&Rs but Scottsdale's city ordinances. Just in case this reflects absent-mindedness rather than bad manners, *we have now installed two dog-poop-bag dispensers* on Stonegate Circle. One is at the intersection with Heritage Court wash, the other at the intersection with Tradewinds wash. Let's all hope they improve the situation.
