

Stonegate Email News of 9/21/06

Tennis Players:

The gate from the parking lot to the tennis area will be locked every night at 5PM. There have been too many problems with tennis players leaving the gate ajar for their friends. It's both a safety issue and a legal issue, since the tennis gate is also a pool area gate.

And please mark your calendar: the courts will change to the winter schedule on Monday, October 16. During the winter, tennis times start at 7:30AM rather than 7.

Snailmail Slowdown:

The Fountain Hills Post Office, which wasn't winning any awards for speed to begin with, has hit a snag. Two of the carriers who deliver to Stonegate have taken vacation time – perhaps to watch the grass grow or attend turtle derbies. There has been at least one day when mail wasn't delivered at all in sections of Stonegate, and a couple when deliveries waited until 8PM. Unfortunately, the community association can't complain on your behalf, since the Post Office regards us as out of the loop. The Fountain Hills Post Office's unlisted number is (480) 837-4812. The website, <http://www.USPS.com> is actually quite useful and their "Contact Us" section offers a chance to email your complaint.
