

Stonegate Email News of 6-12-07

Big changes are coming to Stonegate's recreational area. Site preparation has already begun. Construction will start next Monday, June 18. Landscape renovation will be complete in early August. Maricopa County revised statutes required major changes in recreational area walls, gates and fencing. Watch as they form the framework for a new look and an even more enjoyable recreational area. *The pool and spa will remain open during this time.*

Wall painting is under way throughout the community. From the big walls along Mountain View to the smaller walls along the trails, all 38,000 linear feet of common area walls in Stonegate will be painted this summer.

The Stonegate Swim Team will host a swim meet in Stonegate Pool this Saturday, June 16, 8 – 9AM. Warm-ups will start at 7:30AM. Swim team is an important activity for Stonegate children, turning new swimmers into strong swimmers. If you're an adult who must put off the morning exercise a few hours, please remember that this benefits the children.

You can still register your children for swim team or swim lessons in July. Call Little Fins Swim School at (480) 585-7684.

The Stonegate Contemporary Cinema Group will meet Monday, June 18 at 4PM to discuss *Jindabyne*, now playing at the Shea 14, but only through tomorrow night.

Stonegate's recreational area closes at 10PM. Swim season has barely begun and already we've had several instances involving youngsters who thought we wouldn't notice if they fence-hopped in for a late night swim. If only they'd realized: we always notice. The Association sees fence-hopping as trespassing and it won't be tolerated. So far we've only issued fines. Please talk to your children about this. When the recreational area is closed, it's closed.
