

## **Stonegate Email News of 7/13/07**

**What's happening in front of the Community Center?** There, and at various locations around the recreational area, colorful, heavily landscaped gardens featuring low-water plants will allow us to reduce the amount of turf. When they're established, these newly landscaped areas will be much more attractive, while requiring less water. Improved irrigation will keep the remaining grass – still quite a large amount of it – bright green. Most of the new fencing will go in next week. Then the walls and hardscape. By the time August rolls around, it will be very near completion.

**The Stonegate Swim Team** is host for the season's final home meet, this Saturday, 8AM – 9AM. Warm-ups start at 7:30AM. Go kids, go!

**The ID card** printer is back in service. If you need a Stonegate recreational photo ID card, we're happy to make it. We'll usually do it on the spot and it takes very little time. Any time during normal weekday business hours is fine, but please call before you come down, just in case. We will also be issuing new cards this Saturday, 10AM to 1:45PM.

**The Board recently approved a renovation plan** for the Community Center interior – nothing radical, just paint, carpet, kitchen, kitchen tile, stuff like that. In order to get the job done, the Community Center will close at noon on Friday, July 20, remaining closed on Saturday, July 21. We'll do the same thing again the following weekend (July 27-8).

**The Stonegate Contemporary Film Discussion Group** will meet next Monday at 4PM to discuss Michael Moore's "Sicko." Everyone is welcome.

**The Stonegate Summer Book Club** will meet next Thursday at 10AM to discuss Double Blind by Chris Bohjalian. Everyone is welcome.
