

Stonegate Email News of 8-22-08

You've Got Mail!

In October 2005, Stonegate's membership responded to a community survey regarding the CC&Rs, and rendered a decisive opinion that the document needed updating. Thus began the Rules and Regulations Committee's comprehensive effort to draft a document which could guide this association in the years to come.

Today we mailed to you a letter, a Q&A sheet and a CD containing the result of that three year endeavor. When you get it, please open it and give it a look. It's an important matter and member participation is essential.

We've Got Fun!

You'll see the poster at your mailbox: yes, one final Dive-In Movie before the cool weather sets in. Mark your calendar for the evening of Friday, September 19. Since we have no sponsor, we won't be providing food or beverages. But you can bring your own and enjoy a fun event with other Stonegate families. The movie, Over the Hedge, is hilarious, even if you're not a kid.

Street Repairs Next Week!

Arizona's extreme climate is very hard on pavement. If we don't want to see ugly things happen to our aging streets, we must be diligent in their maintenance. So you will see street crews working here next week – Monday, August 25 through Wednesday, August 27. They'll do skin patches and areas where asphalt must be removed and replaced. Please drive carefully.

There will be more street work to do in October: crack sealing throughout the community.
