

Last September, the Rules and Regulations Committee held a series of community meetings, seeking your input on the rewriting of the CC&Rs which had kept that committee working since October, 2005. When the dust settled, they had an impressive list of your suggestions and comments to go through. And they did. They incorporated many of them into the final document, and presented it to the Board at its December meeting.

The Board enthusiastically approved the document for a community referendum, and recommended a yes vote.

In a few days, all Stonegate owners will receive a mailing with a data CD (for your computer) containing the Amended and Restated CC&Rs -- and a ballot. Please take the time to vote. Look at the document and return your ballot as soon as possible.

Please don't put it off.
