

## Stonegate Email News of 2009-03-04

**Goodwill donation reminder.** Please make sure your donations are curbside by **9AM this Friday morning**, and with some sort of tag or sign saying that this is for Goodwill.

The truck will drive the community and load your still-usable items – including indoor and outdoor furniture and other heavy things which really shouldn't go to the landfill. They're also happy to take smaller donations such as clothing, shoes, accessories, houseware, sporting goods, etc.

If you want them to ring your bell to carry stuff out, or if you have some other matter to discuss, use the phone numbers or email address below:

Goodwill of Central Arizona

602.535.4037 direct line

**Brush and Bulk pick-up** is bright and early next Monday morning. Please have those tree trimmings and other bulky discards out Sunday evening – but not blocking the sidewalk.

**MusicFest is Sunday.** Live music starts at 1PM and should go 90 minutes or so. No admission. No check-in. Come early to picnic by the pool. But please don't plan to barbecue here, or soak in the spa. The musicians need time to set up in the main Ramada, so that entire area will be closed off, perhaps as early as 10AM. It might be a good idea to bring a beach blanket or two, or even a couple of chairs. This is a new event and we don't know what attendance might be. Weather forecast is clear, 72 degrees. For information on the performers and quick listen to their music, try this link:

**Bring a little something for the puppies and kittens** when you come to MusicFest. There will be a collection box to take your donated blankets, pet equipment and pet food for Maricopa County Animal Care and Control's East Valley shelter. The donation box will be at the Community Center for a couple of weeks after the event. It has been a difficult year for the animal shelter, and spring is litter season.
