I am honored and excited to be a Stonegate Preferred Realtor! I have lived In Stonegate with my husband, Craig for over 8 years, and every day we thank our lucky stars for making the choice to live in this beautiful community. Like many Stonegate residents, I am originally from the Midwest. Born In Minneapolis, MN, I graduated from the University of Minnesota, where I met my husband of almost 40 years. We moved to Minot, North Dakota to raise our family before moving to Arizona in 2004, and feel very fortunate that our son and daughter live in Scottsdale too.

I work with my husband Craig, who is also a licensed realtor. Craig was an attorney and businessman when we lived In North Dakota, and received his real estate license shortly after we moved here in order to assist me with my rapidly growing business. Together, we provide our clients with the best possible representation, and feel that we're providing our clients with '2 realtors for the price of 1'. My Midwestern values and work ethic form a solid base for me to go above and beyond, in helping my clients (friends) in any way possible. I'm ready, willing and able to provide my Stonegate clients with unsurpassed customer service, especially given the ease of being right here in the community.

I am a member of Realty Executives' Premier Marketing Group, which is made up of a select group of Realty Executive agents. PMG Is a wonderful networking and marketing tool for me to use when marketing my listings or searching for additional properties for my buyers. I have been a member of Realty Executives' Executive Club for the past several years, being recognized for production and performance within the company.

I would love to help you in any way I can, whether you are thinking of Selling or Buying, or just want to know about the current real estate market, give me a call today.
